RE: Adjusted Escrow Analysis for PAUL HOLLEY
Case # 19-17361

Please be advised that the mortgagor paid the escrow shortage of \$375.91 on 04/01/2021. The amount is located at the bottom of the Annual Escrow Account Statement, and because this escrow shortage was paid, then the escrow shortage will not be included in their monthly payment amount.

Because the escrow shortage was paid and the shortage is not being recovered in the payments, the adjusted payment amount will be \$552.25, effective with the 04/01/2021 payment. This letter is being sent to advise of the changes to the Annual Escrow Account Statement without making handwritten changes on the notice.

If there are any questions, please contact our Bankruptcy Department at 800-654-4566, extension 8631.

Sincerely,

Bankruptcy Department

Important Notices

Midland Mortgage, a division of MidFirst Bank ("Midland") recently reviewed your escrow account. Part of your monthly mortgage loan payment ("mortgage payment") goes into your escrow account to pay recurring expenses on your behalf such as property taxes, insurance, and other items required by your loan documents. This statement shows how those expenses affect the amount of your monthly mortgage payment.

The most common reason escrow payments change is an increase or decrease in the amounts you pay in property taxes and homeowner's insurance. **If you have questions about a change in your tax or insurance bills, please contact your local taxing authority or insurance agent.**

Please review your escrow statement below and then decide which of the options presented in "Paying the Shortage" section is best for you. The last page of this statement includes helpful answers to common escrow questions.

If you have received a bankruptcy discharge of the debt secured by the Mortgage/Deed of Trust, or you are currently in bankruptcy under the protection of the automatic stay, this letter is not an attempt to collect the debt from you personally and is for informational purposes only. If your loan was in default at the time MidFirst Bank obtained it, and you have not filed bankruptcy or received a discharge of the debt secured by the Mortgage/Deed of Trust, we are required to advise you that this communication is from a debt collector, this is an attempt to collect a debt, and any information obtained will be used for that purpose.

Notice to Connecticut and North Carolina Residents: The purpose of this communication is to collect a debt.

Notice to Vermont Residents: This is an attempt to collect a debt and any information obtained will be used for that purpose.

New Monthly Mortgage Payment

The amount needed in your escrow account to pay your expenses, such as property taxes or homeowner's insurance, has changed. **Because of this, your mortgage payment has changed to \$583.57 beginning with the 4/1/2021 mortgage payment.** See the "Paying the Shortage" section for information about making a one-time payment to lower your new monthly mortgage payment amount.

Monthly Payment	Old Payment	New Payment	Change
Principal & Interest	\$412.52	\$412.52	None
Escrow Deposit	\$131.28	\$139.73	Increase
Escrow Shortage or Surplus	\$0.00	\$31.32	Increase
Total Monthly Mortgage Payment	\$543.80	\$583.57	Increase

Escrow Bills and Escrow Payment

The following chart shows the breakdown of the amounts we anticipated to be paid from your escrow account since the last review and the new amounts we expect to pay from your escrow account between April 2021 and March 2022.

Escrow Bills	Old Amount	New Amount	Change
Homeowners Ins	\$1,071.00	\$1,153.00	Increase
City/Town Tax	\$504.43	\$523.82	Increase
Annual Total	\$1,575.43	\$1,676.82	Increase

Required Minimum Balance

The required minimum balance is between 0 and 2 new monthly escrow payments and is determined by the terms of your loan documents, federal and/or state law. The new required minimum balance in your escrow account is \$0.00

Your lowest expected escrow balance:	-\$375.91
Your required minimum balance	\$0.00
The difference creates a shortage in your escrow account of:	
	-\$375.91

Because the lowest expected escrow balance is less than the required minimum balance, there is a shortage of -\$375.91 in your escrow account. **This shortage is illustrated in the table below, and can be found by calculating the difference in the bolded numbers in the Anticipated Balance and Required Balance columns.**

Expected Escrow Account Transactions

The following chart shows the amounts we expect to deposit into and pay out of your escrow account during the next escrow cycle, as well as the required balance for each month. These projections are based on the most recent bills paid from your escrow account. **The actual amounts billed by your insurance company and by your taxing authority in the upcoming year may be different and could result in changes to your monthly mortgage payment when your escrow account is reviewed in the future. If you become aware of a change to your insurance or taxes, you may wish to contact Midland to have your escrow account reviewed to avoid a large shortage or surplus in the future.**

Escrow Account History

This chart shows the estimated and actual activity in your escrow account from 4/1/2020 through 1/1/2021. If the servicing of your loan recently transferred to Midland or your loan has analyzed within the last 12 months the table below may be blank or show a history of less than 12 months. If the last escrow account statement provided by Midland was issued to you more than 12 months ago, additional months of transaction history for transactions more than 12 months in the past is included on page 5 of this statement. The previously required minimum balance and the actual minimum balance reached are indicated by bold font in the chart below.

Paying the Shortage

There is a shortage in your escrow account. You can pay your escrow shortage in one lump sum or you can pay it over the next 12 months with your monthly mortgage payment. There are no additional fees or interest if you choose to pay the shortage amount over the next 12 months.

Option 1:
Pay the shortage over 12 months

Pay the escrow shortage of \$375.91 by adding \$31.32 to your next 12 monthly payments.

This amount is automatically included in your new monthly payment of \$583.57 beginning 4/1/2021.

No action is required by you for this option.

Option 2:
Pay the shortage in full by 4/1/2021

Pay the escrow shortage of \$375.91 in one payment.

Once paid in full, your monthly payment will be adjusted to \$552.25 with the 4/1/2021 mortgage payment.

To choose this option, please detach and return the coupon provided below to the address on the coupon along with payment for the escrow shortage.

If the shortage is paid in full as described in Option 2, your new monthly payment will be \$552.25. This is the lowest your monthly payment amount can be at this time.

What if I have enrolled in an Automatic Payment Plan?

- If you use Midland's Automatic Payment Plan, we will automatically adjust your payment withdrawal amount.
- If you use an automatic payment program other than Midland's, please contact your payment administrator and ask them to update your payment to the new amount.

Worried About Payments?

If you are struggling to pay your monthly payment, please call us at 1-800-552-3000 Monday through Friday from 8 a.m. until 9 p.m. (Central Time) to discuss your account and the options that may be available to help you.

Frequently Asked Escrow Account Questions

Q1 What is an escrow account?

Part of your monthly mortgage payment includes an amount for your loan's principal and/or interest, but it also includes an amount for property-related expenses (such as property taxes, insurance, and other items required by your loan documents). These amounts are deposited into an escrow account associated with your mortgage loan. With an escrow account, you pay a portion of your property taxes, insurance, and other items required by your loan documents every month instead of once or twice a year.

Q2 Why did Midland change my monthly mortgage payment amount?

Midland does not change your principal and interest monthly payments unless you have an adjustable interest rate mortgage loan or an interest-only period on your loan. Increases or decreases to the escrow portion of your monthly mortgage payment are usually because of changes in your taxes or insurance.

Property Taxes: Your property taxes may change when your property is reassessed, when the applicable tax rate changes, or when a special tax or assessment is charged by your local taxing authority. Contact your local taxing authority if you have questions about changes to your property taxes.

Homeowner's and Flood Insurance: Your premium for insurance covering your property can change when your coverage changes or if the rate that your insurance company charges for your coverage changes. Contact your insurance carrier or agent with questions about your insurance coverage and the cost of your coverage. You may also contact our Insurance Service Center at 1-866-439-2712 to discuss any changes in your insurance bills and your options.

Q3 How often will my escrow payment change?

Your monthly escrow payment, and thus your monthly mortgage payment, may change at least once a year when we review your escrow account as required by federal and state law. Your escrow payment might be recalculated more than once a year if there are substantial changes in your escrow bills (for example, you obtain homeowner's insurance at a reduced rate or you receive an exemption from paying the full amount of your property taxes).

Q4 What are my payment options if I have a shortage in my escrow balance?

You can either pay the shortage in full by sending us payment for the full shortage amount, or we will automatically spread the shortage amount over the next 12 months and include it in your new monthly mortgage payment.

Q5 Will my automatic payments change to cover my new payment amount?

If you use Midland's Automatic Payment Plan, we'll automatically adjust the withdrawal amount to the new payment amount upon its effective date. If you use an automatic payment program other than Midland's, please contact your payment administrator and ask them to update your payment to the new amount.

Q6 What should I do if I think my escrow bills are wrong?

You should verify billing amounts with your insurance carrier or taxing authority if you believe your escrow account has been charged incorrectly. If the amounts have changed, provide Midland with proof of the change from the taxing authority or insurance carrier so that we can adjust your escrow payment accordingly.

Q7 What are my options if my payment increased and I can't afford a higher mortgage payment?

If a payment increase causes a financial hardship and you cannot afford the larger monthly mortgage payment, call us at 1-800-552-3000 to discuss mortgage assistance options that may be available to you.
